1) Introduction, Purpose and Scope of the Committee

The Committee for European Education in Anaesthesiology (CEEA) provides a Committee for Continuing Medical Education (CME), Continuing Professional Development (CPD) and Evaluation of Professional Practice (EPP).

The aims of CEEA are to:

- Raise the standards of care in Anaesthesiology, Perioperative Medicine, Intensive Care Medicine, Critical Emergency Medicine and in Pain management to the highest possible level through Continuing Medical Education (CME) and Continuing Professional Development (CPD).
- Improve professional practice in Anaesthesiology, Perioperative Medicine, Intensive Care Medicine, Critical Emergency Medicine and in Pain management.
- Harmonise international CME/CPD programmes.
- Develop close relationships with less affluent countries to meet their needs in matters of education.
- Encourage and support the development of new CEEA centres.
- Ensure that centres comply with the general operating scheme proposed by the CEEA.

2) Activities of the Committee

These aims of CEEA will be achieved by:

- Proposing a general operating scheme.
- Proposing an educational model.
- Proposing educational materials.
- Interacting with Centres’ Directors for the quality assessment of the courses, the content and the evaluation of speakers and participants.
- Promoting CEEA courses in countries where the number of courses appears insufficient.

The Chair is responsible for the content published on the CEEA webpage on the ESA website and updates sent as e-news to ESA members.

The CEEA will support the ESA e-Newsletter by annually publishing at least one article on the Committee’s activities.
a. Management of the CEEA

i. Chair

The Chair shall conduct the day-to-day business of the CEEA with the support of the ESA Education Coordinator. The Chair of the CEEA reports to the ESA Board of Directors. Written reports will be presented to the Board and Council twice a year (September and April) following the activity reporting procedure (ref. 2*). The template of the reports is attached (ADM_01_F2 template committee activities report).

ii. CEEA Members

The CEEA members shall act as a Committee for Continuing Medical Education (CME/CPD) in close cooperation with the ESA Board of Directors, National Anaesthesiologists Societies Committee (NASC), ESA Scientific Committee and ESA Education Committee, for:

- Improving the content of courses and the teaching tools
- Improving both the quality assessments of the courses, and the evaluation of speakers and participants
- Choosing one to two Guidelines every year to be taught within the CEEA Courses.

The Examinations Committee Chair can be invited as Consultant if needed.

iii. Regional Centre Directors

Regional centre directors:

- Are duly entitled by the CEEA to manage the Regional Centre and organise the CEEA courses in their Centre. Their designation is made after consultation with the National Society and academic leaders of the Region.
- Are responsible for the logistic and financial aspects of the courses which they organise. The management of funds must be done according to the laws of the country. They will be in close contact with the CEEA and the ESA Secretariat, to which they report the dates and the topics of the course in advance, and complete and submit the report after the course.
- Continuous communication with the ESA Headquarter, CEEA members and CEEA Chair is an essential function of all the CEEA Regional Centre Directors, providing the entity of the CEEA regional education.
- If the communication with any CEEA centre is lost despite two reminders from the CEEA Committee within six months or if the report of the dates and topics is not submitted to the ESA office, this Regional Centre is considered to be closed and excluded from the list of Regional Centres. Therefore, from this moment Regional Centre loses the right to use the CEEA name and logo in any kind of its activities.
• Speakers from other regions of the country or from abroad may be invited as far as financial support exists, coming either from the Regional Centre’s own resources or from external sources previously identified and confirmed.
• Grants from industry must be free from any obligation or conflict of interest.
• Participation of speakers is on a voluntary basis and they cannot be paid for their participation.

b. CEEA Course

The CEEA will continue to provide CME/CPD programmes in Europe, as well as in the rest of the world with the cooperation of the World Federation of Societies of Anaesthesiologists (WFSA), according to the following principles:

• Financial autonomy of the Regional Centres.
• Autonomy to build the programme while respecting the themes and learning objectives given by the CEEA Committee
• Collaboration between advanced and less affluent countries.
• Participation of speakers on a voluntary basis, cost being limited to reimbursement of travel expenses.
• Respect of ethics and absence of conflict of interest with industry.
• Quality of courses based upon evaluation of speakers and participants.
• Residential seminars ensuring a friendly atmosphere between teachers and participants and allowing interactive communication.
• Organisation of the courses in communication with the National Society and the University in the region.
• Development of the e-learning website with the introduction of clinical cases discussion, problem-based learning, self-evaluation and other kinds of interactive learning tools.
• Promoting the European Journal of Anaesthesiology, the official journal of the ESA, among the CEEA participants and contribute to it by providing original and review articles.

c. Budget

• By June 30th, the CEEA Chair shall submit the budget proposal for the following year for approval by the ESA Board of Directors. The annual budget will be set at an appropriate level to fund activities of the CEEA. The budget will cover the development of materials and online education resources to provide information about the yearly picked Guidelines.
In principle, Regional Centres should be self-financing. The CEEA encourages the centres with higher resources to support centres with less resources financially. This support could be related to travel and accommodation for invited international speakers for example.

**d. ESA-CEEA-WFSA relationship**

The ESA Education Coordinator will collectively manage all the CEEA Regional Centres worldwide from the administrative point of view. Coordination will be ensured by a liaison officer appointed by the WFSA from among WFSA Education Committee members, who will become a member of the CEEA with full voting rights. The WFSA liaison officer will report the activities of the CEEA to the WFSA Education Committee and will transmit to the CEEA information concerning the participation of the WFSA Education Committee in the Regional Centres outside Europe.

**3) Structure of the Committee**

**a. Positions**

The CEEA consists of:
- Chair
- Members:
